in partnership with
The Office of Energy and Defense,
Office of the Lt. Governor, Becky Skillman
invite you to attend a
FREE

Biofuels Workshop for Petroleum Retailers

Availability of E85 and biodiesel blends is rapidly increasing across Indiana. Learn about these products and how your retail establishment can join this growing group of entrepreneurs.

Biofuels Island offers choices to consumers.

When:

Friday, May 4, 2007

Where:

**Marriott Downtown Indianapolis
350 W. Maryland Street**

Time:

**8:00 a.m. to 4:30 p.m.
Eastern Time**

Invited guest speakers:

**Lt. Governor Becky Skillman
Indy Racing League Representative**

Ethanol and biodiesel are renewable, American made fuels. In Indiana, ethanol is produced from corn, thereby supporting the over 35,000 corn farmers in the state. Biodiesel is made from soybeans, supporting the over 28,000 soybean farmers.

This workshop is designed to educate fuel retailers about the whys and hows of implementing biofuels. This workshop will answer your questions and help you decide if you should join the growing number of E85 and biodiesel blended fuel retailers across Indiana.

At the workshop:

- Infrastructure experts will explain requirements to implement biofuels
- Biofuel producers will help you understand purchasing and quality aspects of the fuels
- Funding and tax resources will be explained
- Biofuels marketing experts will discuss the key points to mention when promoting biofuels availability

Visit www.cicca.org to view a detailed agenda and register today.
Hurry, space is limited.

A block of rooms, at a discounted rate of \$159.00 plus tax, are available for the evening of May 3, 2007, and may be extended, based on availability.
